No Objection

Lowdales Cottage is a late 17th C grade 2 listed cottage in Hackness, it is not in or near a Conservation Area. Therefore, this application has been determined in accordance with Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990, chapter 16 of the NPPF paragraphs 189, 194 and 195, as well as, Policy ENV11 of the North York Moors National Park Authority Local Plan (July 2020).

The cottage and outbuildings have seen a number of alterations, additions and re-builds over the years, the stables being one of them. The new addition proposed to the stables, is well designed, small in scale and respects its subservient agricultural form as an outbuilding. The proposal will cover over a sliding sash window on the gable end and so we would want to see the two new proposed windows being sliding sash in timber. We would need to see joinery details for the proposed shed doors and the windows, both the new proposed windows and doors need to be set back within their frame and not flush with the walls of the outbuilding (approx. 50mm).

Finally, we would like the materials to be conditioned under GPMT03 External materials to match and GPMT02 Materials - sample panel of materials.

Subject to the above there are no objections to the proposal.
