The works proposed are to rectify unauthorised alterations following refusal of the permissions seeking to regularise the position.

Discussions have taken place between officers and the joiner in preparation of this application and as such the proposed porch, door and lobby details are considered acceptable to reinstate the building to its earlier appearance (as close as possible to it). The harm caused by the unauthorised alterations was assessed through previous applications and appeals and as such, to reinstate the building back to its previous position is not considered to harm the special interest of this Listed Building. This decision has been made in accordance with s.66 of the Planning (Listed Buildings and Conservation Areas) Act and para's 197 and 200 of the NPPF.

I see that the agent has confirmed retention of the pink colour. Could consideration be given to alternative shades of pink? Pastel colours are not a feature of the village so a deeper colour may be more suitable for the building. I would be happy to comment on any alternative suggestion.

Please condition a time period for completion of the work.
