To Mrs j Barstow

I am writing to you about the above application for Beacon Farm, Scalby, Scarborough, YO130RB

My main concern why I am emailing you is the road Beacon Brow Road

With the extra traffic that will be using the road, there is no passing place and if you meet another vehicle coming either way, one of the drivers has to give way and back up. Has the visibility along the road is very limited in places.

At the moment the neighbour let's you pull on to his driveway if you see a oncoming vehicle

but if you go passed this entrance and meet them further down the road one of you has to back quite a way to let the vehicle pass. This road is quite thin even though it is a council road.

Also riders both bike and horses will have more traffic and other wildlife especially deer likes to cross this road to go up into the forest.

if you would like more information please do not hesitate to get in touch with me.

Yours sincerely

Mrs Julie Parkinson
