Subject: Rye Hill Farm Great Ayton your reference NYM/2024/0093

Dear Miss O'Mara,

Revised scheme to planning approval NYM/2024/0374/FL at Rye Hill Farm Great Ayton

I am a resident of Great Ayton and a hiker and regularly walk the road pass Rye Hill. I remember it as a working farm with the Shire horses and I am very pleased to see that the old dilapidated barn has been converted into a home.

The conversion looks lovely and a big improvement and in keeping with its surroundings which is not always the case with modern buildings. The mix and quality of the materials of wood, stone and brick have been tastefully designed, and I strongly support the application of the owner and the improvements made and proposed.

Please do contact me if you require further details. My contact details are:

Hello

I think the planing for Rye hill farm is fair. When you come across from the woods it looks picturesque.
A great addition to our village.

Regards
Mrs Stephenson

To whom it may concern

I would like to take the opportunity to comment on the renovation of the farm buildings at Ryehill farm.
In my opinion the work to date has been done well. I have no wish to oppose the application for further extension.

Yours faithfully

N.P Tucker

To whom it may concern

I have lived in Great Ayton for over 50 years and regularly walk my dogs past Rye Hill farm and think the recent work at the farm only improves its look and is in keeping with its surroundings Yours Angela Coates
