Dear Helen

Thank you for your email and attached letter. To clarify the current application is designed to supersede the original application.

The original application (NYM/2015/0551/FL) has not been started.  
Effectively the current application (NYM/2016/0428/FL) is like an amendment to the original application.  
The current application is not required in addition to the original application but rather as a replacement application.

Many thanks  
Bob

Dear Mr Maycock

Please see e-mail below sent to your colleague Ben Davies regarding a current planning application... I have received an out of office reply from him but unfortunately, the matter needs attending to before his return. (I think we are both dealing with this on behalf of other people, if you need any clarification please do not hesitate to contact me and I do my best to help!)

Many thanks,

**Miss Helen Webster**
