Dear Mrs Ward

Re: NYM /2016/0609/FL

I am enclosing paper copies of the drawings I have previously scanned. Please accept my apologies for the scans you have received previously which do not appear to be to scale despite my repeated attempts. These should measure off more accurately and confirm the stated dimensions.

With regard to NYM/2016/0614/FL could you confirm that you want drawings showing the original ground levels without the small wooden decked area. Would it also be useful for me to send any photographs which would show the levels below the timber?

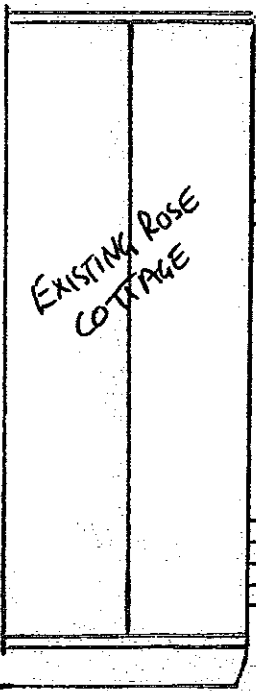

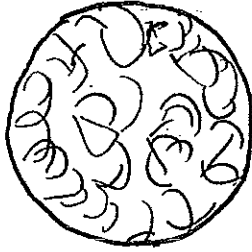

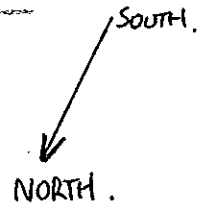

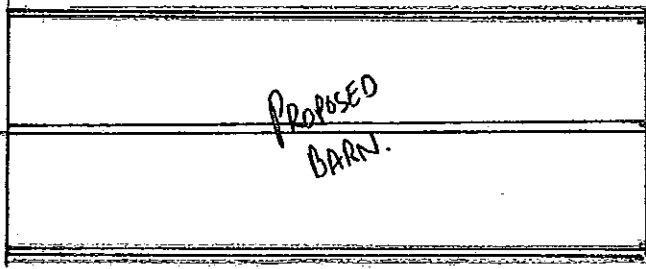

Please contact me for any further matters

Best Regards
Ian Luddington
