**Subject:** RE: South Moor Farm, Air strip, Hearing site visit.

Dear Louise,

The planning inspector requested further information during the site visit.

She was interested in the landscaping of the site and I showed her the shelter belt planted this year.

This comprises of 50 mixed species of hedgerow plants spaced at approximately 1 metre. Mainly Hawthorn but includes Rowan, Blackthorn and Dog rose.

At the meeting she also asked about the size of the aircraft so I have supplied the following documents.

A word document listing the dimensions of typical light aircraft that I have flown.

Photographs of the two aircraft I currently have use of, G-PIGS a Rallye based at Wombleton and my own aircraft G-BGCM a Grumman AA 5A currently based at Beverly which I would like to keep at South Moor Farm.

A PDF print from Google Earth showing my aircraft parked and visitor parking area in relation to the shelter belt installed this year.

Let me know if the inspector requires further information.

Bob.
