Subject: NYM/2015/0885/FL - new information before committee on 20th October.

I know you're treating this application as for one replacement unit, but the following is potentially concerning as it appears to show a contradicting intention, namely that this is the first of several lodges to be placed on site for the purposes of running a tourism business. The highlighting in red is mine

A quick google this morning for the applicant (Keith Dobbie) shows <https://uk.linkedin.com/in/keith-dobbie-b1345b8b>

which when I check it says
