As a resident of Ravenscar with family in Robinhoods Bay I would like to object to the planning application for a tea room above the quarterdeck in Robinhoods Bay. I feel it would spoil the quiet nature of the approach from the beach. I walk regularly along this stretch of coastland and feel that it would have a detrimental impact on the essential very individual feel that visitors love about Robinhoods Bay.

There are plenty of existing places to eat and drink in Robinhoods Bay and also the YHA tea rooms a short stroll along the beach.
