**Date:** 08 May 2018 10:01:09

---

Hi Hilary,

Just a quick note on the above application to mention that I have some reservations regarding the siting of this mast due to the presence of species rich grassland. I have asked Katie to visit the site to assess what potential habitat could be lost as a result of the application and I hope to be able to put a comment together for you by close of play on the 10<sup>th</sup>. I am however out of the office until that afternoon, and if my return is delayed I may have to look at it on Friday morning (11<sup>th</sup>). We may have to condition methodology or suggest mitigation to minimise impact.

Many thanks,

Elspeth
