Hello,

This is in regards to the planning application for the land in front of Beacholme on the Quarter Deck, Covet Hill, Robin Hoods Bay. I object to this planning. I visit Robin Hoods bay for its authenticity and I feel that this timber hut will affect how I view the popular tourist attraction. It will cause over commercialisation to a local run community. The area where they would be digging into the cliff is unstable and would not be safe.

I hope that you will take this into consideration.

Yours sincerely,

Lucy Tilbury.
