Erect 30metre lattice mast with antennae & dishes plus ground based equipment cabinets, generator, fencing & access track, land to north west of Birch Hall, Langdale End.

The above application has been considered by Hackness and Harwood Dale Group Parish Council. A 15m mast (NYM/2017/0404/FL) in steel grey has recently been erected in another part of the parish and we have had several complaints from people about the visibility of the mast and the sunlight reflecting from it. Council would prefer the proposed mast to be a dark green colour so as to render it less visible or likely to reflect sunlight.
