Subject: planning application NYM/2018/0177/FL Tea hut , Quarterdeck, Robin Hoods Bay

please forward to the Director .The date for commenting on this application has passed. however as someone who worked nearly 40 years in the village and got to know most of the cottage owners as village caretaker as well as the residents.i do have my ear to the ground. One only has to look at the list of comments received as well as the Robin Hoods Bay Facebook page to know that there is a great deal of opposition by residents, and visitors we know.What is odd is that support seems to come from people we have never heard off, and in the case of two of these supporting comments , they start with same sentence word for word! The officer's recommendation to support should at least rebuff the many points by those opposing the application,to show a thorough understanding of both the site and the issues around the application. I'm disappointed that the NYMNP doesn't comprehend this is a very controversial application changing the nature of the Old Village from important conservation area (and attracting people on that quality) to tourist attraction where anything that makes money goes.
