Note to the Planning Officer:

In assessing the submitted proposals and reaching its recommendation the Local Highway Authority has taken into account the following matters:

The location in the grass verge is not publicly maintainable highway.

Regarding the access route to the site, as shown on the location plan, careful consideration should be given to the traffic management required to transport the mast from the Harbour area, up the steep bank on Staithes Lane, to the site.

Consequently there are **no local highway authority objections** to the proposed development
