NYM/2018/0416/LB Application for removal of condition 1 of Listed Building consent NYM/2018/0244/LB to allow permanent siting of satellite dish at Whitby Lighthouse Cottages, Whitby. The Parish Council supports this application because it makes sense not to have to make repeated applications.

We appreciate that having access to television signal is a part of modern living and that signal is a problem in the area. However, the digital television signalling website states that signal should improve in the area in October – December 2019. Therefore we do not see the need for a permanent citing of a satellite dish as proposed. We would support permission to be granted for a temporary period, in keeping with past decisions.

I would recommend consideration of an internal aerial as undoubtedly they have improved dramatically since the instillation of the satellite dish 10 years ago.
