From GIS woodland trees (probably on adjacent land) appear to be about 7m from end of proposed extension. Not sure that this will be a constraint on the proposal itself but it may be that the RPA's of the trees will need to be protected depending on their size.

Also large trees to south of property do they need any protection from construction activity?

Mark Antcliff
Woodland Officer
North York Moors National Park Authority

Dear Team

Unfortunately this came in after the agendas were issued for our 19th July meet, due to my taking 'leave time', therefore, we are unable to respond.

Regards

Victoria
