Rob

Just read through the two docs and in combination I think they answer our queries so I'm happy for the condition to be discharged

Hi Mark

Please see attached response from Sirius to our request for clarification of certain aspects of the shelter belt planting scheme (condition 73). Are you happy that we can now confirm approval to this scheme?

Thanks

Rob

Hi Rob

Please find attached letter from Sirius Minerals in response to the National Park Authority's request for clarification.

Also enclosed in the revised Scheme for Maintaining and Managing the Haxby & Belt Plantations.

Very best regards

Hi Rob,

I can't think of any ecological constraints not considered related to this plan for the belt plantations and am happy for any further revisions re monitoring (provided agreed with Mark) to be included.

If any major alterations arise, please do send me a reconsult as appropriate.

Many thanks,

Elsbeth
