Subject: Comments on NYM/2016/0184/CVC - Case Officer Mrs H Saunders - Received from Building Conservation at The Old Vicarage, Bondgate, Helmsley, York, YO62 5BP, Via Email: building@northyorkmoors.org.uk

It would be preferable if the frame for W6 was slightly chunkier so that the door, which should be flush fitting, visually blended into the frame better. The retention of the shutter is welcome. The existing door below the shutter (W2) has an attractive and interesting variety of board widths. Could this be retained or replicated to ensure that the replacement door conserves this characteristic which regular, narrow board widths would fail to do? BD
