Dear Ian,

North York Moors have consulted Historic England on the condition verification for application NYM/2014/0780. I am happy with the proposed mitigation in the area of the Scheduled Monument, but note that we are not in receipt of an application for Scheduled Monument Consent (SMC). I am sure this will all be in hand, but it will be a requirement for the resurfacing.

If you need further information about making an application for SMC please contact me,

Kind regards,

Hannah
