Hi Virginia,

It isn't an objection but a suggestion after concern was raised by Dick Hoyle at the meeting that the windows, although re-used from elsewhere, do not match the others facing onto Kingston Field. I tend to agree that it might look better to have ones that match? Hope this helps.

Dear Virginia

Thank you for the recent Parish Council comments in relation to the above (amended) application. I have previously raised the proposed window design with the applicant's agent and he has confirmed that the intention is to re-use the existing windows in the gable elevation of the property in the extension facing Kingston Field. The rationale being to maintain as much original/historical fabric as possible.

In light of this, please can you confirm whether the Parish Council comments constitute an objection to this part of the scheme.

Many thanks,
Helen
