**Date:** 18 August 2016

**FAO:** Mr M Hill **Copies to:**

There are **no local highway authority objections** to the extension of timeframe for the proposed development. The highway mitigation measures required through a section 278 agreement have been constructed to the satisfaction of the Highway Authority. It should be noted that these measures will be retained upon removal of the wellsite. The Highway Authority would like to see the retention of 2 metres of the well site access from the carriage way edge as an additional passing place once the site is decommissioned.
