I have received a planning application for the above development. A copy of the application and plans can be inspected at this office from 9.00am to 5.00pm Monday to Friday. You may reply by letter, fax, email (planning@northyorkmoors.org.uk) or by using the Authority's online consultation response form.

Many straight forward and non-controversial applications are determined under a Scheme of Delegation agreed by the National Park Authority. If you wish to view the provisions of the Scheme of Delegation this is available to view on the Authority's website using the following link: <http://www.northyorkmoors.org.uk/about-us/how-the-authority-works/Scheme-ofDelegation.pdf> If you consider you will have difficulty commenting within the prescribed consultation period then please do not hesitate to contact the Planning Officer shown above so that we can discuss how best to ensure your views can be taken into account before the matter is considered by this Authority.

Please Note: The statutory date for determination of this application is 26 September 2016. You will not be formally notified by letter of the decision; however a copy of the decision notice will be made available under the application reference number on the Planning Explorer section of the Authority's website once a decision has been made on the application.

Yours faithfully

Mark Hill

Head of Development Management

Comments:

I have checked the additional information provided by Third Energy and the updated ecological appraisal conducted by BSG Ecology. As the planning application is an extension of time, there is unlikely to be any additional impacts on bats or ecology. If a larger development was to go ahead in the future, then this would obviously have larger impacts and we would like to be consulted on future planning applications for the site.
