E-Mail

FROM:
 ENVIRONMENTAL REGULATION

Subject: Planning Application

Construction work can often give rise to complaints about noise and dust. Therefore I request that a requirement is included asking that these matters be considered and that details of any proposed measures to prevent harm to amenity are submitted for approval. To prevent any excessive interference with neighbouring properties I ask that construction is limited to 0700-1800 Monday to Friday, 0800-1300 Saturday with no work allowed on Sundays and bank holidays.
