Convert redundant agricultural buildings to two local occupancy letting dwellings/holiday letting cottages with associated parking at Calthwaite Farm, Cloughton

The above application was considered at this month's Council meeting. While the Parish Council has no overall objection and feels it is good that buildings are being preserved, it does have minor concerns that the proposal will result in an intensification of use of the access track (which is narrow) and the impact on highway safety since it is very close to a blind summit.
