## DESIGN AND ACCESS STATEMENT

We propose to build a cattle shed alongside existing cattle sheds.

We will use existing access.

The shed will be of steel frame with grey fibre cement sheets, yorkshire boarding, on three sides with concrete panel below. fourth side to be feed barriers.

The size of the proposed shed:

36.6 metres x 12.2 metres

4.6 metres to eaves

overall height 6 metres

roof 15° pitch
