Subject: Comments on NYM/2016/0817/FL - Case Officer Mrs H Saunders - Received from Mr Mac McAllister at LAA, C/o Bagby Airfield, YO7 2PH

I wish to support this application. I firmly believe that objections put forward have no foundation in fact.

This strip is incapable of accommodating aircraft of any real size and any noise generated would be negligible compared to the low level fast jet military traffic which regularly transits the area. It being a designated AIAA. (Area of Intense Aerial Activity).

As a grass strip pilot, I can say that in my experience there is no detrimental effect to local wildlife. In fact these strips are an asset to many species. Swallows, hawks and owls in particular.
