Subject: Apposed Airfield

Dear Hilary,

I am sorry it was necessary to have yet another conversation yesterday about this proposed airfield.

After speaking to some of my neighbours it would appear that I am not the only objector who had in fact written on all occasions but there were several others that were also omitted,

I see little point in relisting all the objections we have to Mr Walkers application as I am sure you have them all on file.

Recently we have been experiencing low level helicopter flights on at least 6 occasions. This in itself proved how frightening planes are to our animals. After little help from Police, Fylingdales etc the offending aircraft was photographed by a lady from Lockton. This photographic evidence showed it was the Coast Guard doing exercises both day and night !!! These incidents caused considerable concern to all concerned and our livestock. I am sure the planning inspectorate would say that that was expectable.

No doubt we will be speaking again in the near future and in the meantime, would you please make sure I am updated on this issue?

Kind Regards
Raylia Dugmore
