**BY EMAIL ONLY**

Dear Mark

**Planning consultation:** Application for verification check of conditions 53 and 54 of planning approval NYM/2014/0676/MEIA

**Location:** Dove's Nest Farm & Haxby Plantation, Sneatonthorpe (proposed minehead); underneath 252 sq km of the NYMNPA (winning & working of minerals); a corridor extending underground from the edge of the NP boundary to Wilton International Complex (mineral transport system); Lady Cross Plantation near Egton, Lockwood Beck Farm near Moorsholm, Tocketts Lythe, near Guisborough (intermediate shaft sites); site within the eastern limits of the Wilton International Complex, Teesside (tunnel portal)

**Grid Reference 489495 505142**

Thank you for your consultation on the above dated 09 January 2017.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

#### **Breeding birds**

The breeding bird surveys on Ugglebarnby Moor and Sneaton Moor for snipe, curlew and nightjar are very helpful in increasing our overall understanding of the bird interest of these areas and we are satisfied that the proposed mitigation will minimise disturbance to the said interest.

We are happy that these planning conditions have now been verified.

We would be happy to comment further should the need arise but if in the meantime you have any queries, please contact Christine Robertson on [redacted] For any new consultations or issues, please contact [redacted]

Yours sincerely

James Walsh  
 Yorkshire & Northern Lincolnshire Team
