Dear Mr Hill,

Application for verification check of conditions 4, 52, 60, 64, 76, 79 and 95 of planning approval NYM/2014/0676/MEIA at Dove's Nest Farm & Haxby Plantation, Sneatonthorpe (proposed minehead); underneath 252 sq km of the NYMNP (winning and working of minerals); a corridor extending underground from the edge of the NP boundary to Wilton International Complex (mineral transport system); Lady Cross Plantation near Egton, Lockwood Beck Farm near Moorholm, Tocketts Lythe, near Guisborough (intermediate shaft sites); site within the eastern limits of the Wilton International Complex, Teeside (tunnel portal).

Thank you for your recent email notification regarding the above. I have read through the associated documents and examined the drawings, particularly in respect of temporary boundary treatment (Condition 64) and the Phase 2 drawing re the construction of acoustic fence/ environmental barrier and the installation of fencing gates and security.

In respect of 'designing out crime', I have no concerns or issues regarding the partial discharge of the relevant planning conditions.

Yours sincerely,

Mr Jim Shanks
