Subject: Comments on NYM/2017/0020/FL - Case Officer Mrs Ailsa Teasdale - Received from Mr Andrew Varney at Hedgehog Barn, Main Road, Aislaby, YO21 1SW

- 1 - As drawn the application causes me concern as the flue gases will exhaust into our bedroom window due to the property being below ours. I have spoken to the applicant and he has assured me that he will not site the flue there but I just need to place the concern on record.
- 2 - I understand that the recommendation from NYMNP will be that the rear wall is boarded to match our property which I support.
- 3 - In general I support the application and look forward to the renovation and restoraton of the building that we look onto every day.
