Dear North Yorkshire Moors Planning,

F.O.A Mrs C Ward?.

I am wishing to proceed with development following granting of approval but have been delayed owing to needing to find another builder.

Regarding conditions:

4. I am proposing using Spanish slate as the roofing finish. The sample I have been supplied with is sourced from Wilf Noble in Sleights, dimensions 220x400x5mm. We will use matching ridge tiles.
6. I am proposing using a red cedar up and over door supplied by Garadoor. This can be finished in several colours and I will be grateful if you can advise on what is acceptable from those attached (3 of).
5. We will use red cedar timber to match 6.

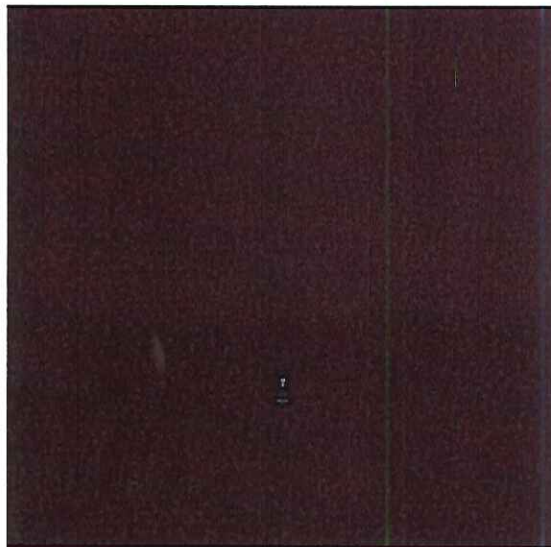

Can you please indicate whether the above is acceptable, or you require further information.

With thanks

Dave Singleton
