Dear Sirs

Ref NYM/2017/0242/FL

Atlantis, Thorpe Lane. Robin Hood's Bay

Application for Ursula Bradwell

I wish to object to the above planning permission. a two storey building in the garden of this house would be very out of character of this road.
If it is to be run as a business traffic visiting would be disruptive as we have already seen with traffic visiting the site. Wesley Road is relatively narrow and vehicles entering the road have to pass by going onto the grass verges. These verges have already been damaged due to the work being done at the house.
It is a private road and the residents are responsible for maintaining the area to a standard in keeping with the entrance roads into Robin Hood's Bay. The damaged verges detract from the attractiveness of the road and encourage visitor parking.
My other comments relate to other residents some who will be severely affected by loss of light.
