Dear Sirs,

Re. Planning Application : NYM/2017/0242/FL

Application for construction of 2.no storey annexe accommodation with artist's studio with partial retention of garage, along with construction of dormer to rear elevation and rooflight to side elevation of dwelling along with formation of new vehicular access at Atlantis, Thorpe Lane, Robin Hoods Bay,

Thank you for informing us about the amended details/additional information on the above application.

The trustees of Robin Hood's Bay Methodist Church have now studied these and have asked me, on their behalf, to let you know that in our view there are no changes which alleviate any of our previous objections. Therefore we would ask that our previous submitted objections are still taken into account.

In particular, we would draw to you attention that both set of drawings show the application encroaching onto our property. It is concerning to us that the new wording also states that there will be the "formation of new vehicular access".

Yours faithfully,

Ian Alexander

Treasurer - on behalf of Robin Hood's Bay Methodist Church Trustees.
