**Subject:** Planning application NYM/2017/0242/FL. Atlantis, Thorpe Lane, Robin Hood's Bay. (Amended)

Mr. Mark Hill  
Head of Development Management,

Dear Mr. Hill,

With regard to the above amended application.

From the outset I have been told by the applicant Mrs. Bradwell, that she had originally proposed to build as stated on the amended plans, eg. the Wesley Road end of the house but had been advised by somebody in your department, that this would not be permitted and that she should submit the plans for the building to be erected at the rear of Atlantis..

As you will now be aware this application will adversely affect nearby residents and a lot of time has been spent in writing objections to the 'rear garden' application.

It is unlikely that there will be any local objections to the amended application from the surrounding properties but whoever advised her not to apply for the Wesley Road side application must have had a good reason for doing so if indeed such advice was given.

I hope that on this occasion the objections of local residents will be properly considered with a view to outweighing the so called advice of the sole planning office member.

Yours sincerely, Patrick Newton.
