Dear Mrs J. Baston.

Your Ref No NYM2017/0254/E2.

Application re AOT Eels Hill Sleights
As owners of Address and Northdale Farm
there are a number of points we wish
to draw your attention to regarding
the above applications

NO1 The road at the back of the
properties on Eels Hill is access to our
fields

NO2 The access road is not in a good
condition from the Station to the
Bridge it is full of deep pot holes
and is very uneven for
walking on.
Not suitable for more vehicles use,
It is not used by Yorkshire Water
and the environmental Agency.

NO3 Most of the properties have paved or
black out most of their rear gardens
for hard standing so now all surface
water from these runs down our road
causing erosion.

We therefore do object to another
hard standing water entering our
properties

Yours sincerely
