Dear Sir/Madam

Application Under Section 96A of the Town and Country Planning Act 1990 for non material amendment to NYM/2014/0676/MEIA to allow new temporary access track at Woodsmith Mine (Formally Dove's Nest Farm & Haxby Plantation), Sneatonthorpe

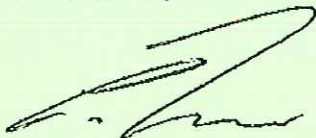

Thank you for your application validated 05/04/2017, regarding the above.

I am writing, on behalf of the National Park Authority, to advise you that the amendments outlined above and as shown on the submitted plans have been approved, subject to the following provision:

- 1 Notwithstanding the details of the approved plans to NYM/2014/0676/MEIA, this permission permits a change to allow the temporary use of the existing Doves Nest farm access for a period of upto 10 weeks for construction traffic provided that temporary traffic management measures are implemented (including temporary traffic lights and a 40mph speed limit) approved beforehand by the Local Highway Authority. After ten weeks or upon completion of the internal link road between the shaft platform and welfare access, whichever is the sooner, there shall be no further use of the existing doves nest farm access and all construction traffic shall utilise the welfare access. The development shall accord in all other respects with the approved plans and imposed conditions on planning permission NYM/2014/0676/MEIA and any subsequently approved condition verification permissions.

I trust that the above advice is of assistance but if you have any further queries, please do not hesitate to contact Mr M Hill again on the above number.

Yours faithfully

Mr C M France
Director of Planning
