Dear Sirs

Ref no: NYM / 2017 / 0261 / FL

I would like to support the proposal for a new Club House at the Thimbleby Shooting Ground.

I believe that this a very positive investment in a rural business, both securing and adding jobs and creating excellent facilities for people of all ages and for both able bodied and disabled persons.

PTO.

I have used this facility for corporate days and would continue to support.

It is always very well received by my clients as an excellent facility and a new Club House will certainly add to this.

Yours sincerely,
