Planning Department.

Dear Sirs,

I write in support of the application of Thimbleby
Shooting Ground for a new Club house. I shoot there
regularly and have been very impressed with the way
the ground has developed. It is a pleasure to visit and
would be even better with the improved facilities.
The present club house is too small and looking tired.
It does not cater well for disabled persons and the
ladies toilet is accessed for storage, probably not ideal!
Colin & the team do a great job - please let us enable
them to do an even better job with vastly improved
facilities which will be a real feather in Thimbleby's
Carp.

Sincerely

Donation.
