Subject: Application NYM/2017/0321/FL

Dear Mrs Ward.

Re- application NYM/2017/0321/FL. Erection of a field shelter, Hobbin Head, Littlebeck.

As owners of Manton the neighbouring property opposite the application site, we OBJECT to the above mentioned planning application for the following reasons.

1. Having regard to the close proximity to Manton and intended use, we feel that the residential amenity would be adversely affected in Manton.
2. The application indicates future expansion , will this lead to further development on a green field site.
3. There are better sites within the existing curtilage of Hobbin Ghyll for this development.

In conclusion, we feel that this is an unneighbourly form of development that would affect the residential amenity in Manton.

Kind regards
Mr/s T Lawn
