Windows:

All existing windows are to be replaced in traditional Yorkshire style in timber sashwood or hardwood with 24mm sealed units to achieve current U Values, incorporating trickle vents and externally treated painted. Any subsequent designs agreed with Edward Freedman will take precedence over the designs included in these scale drawings.

Front External Door:

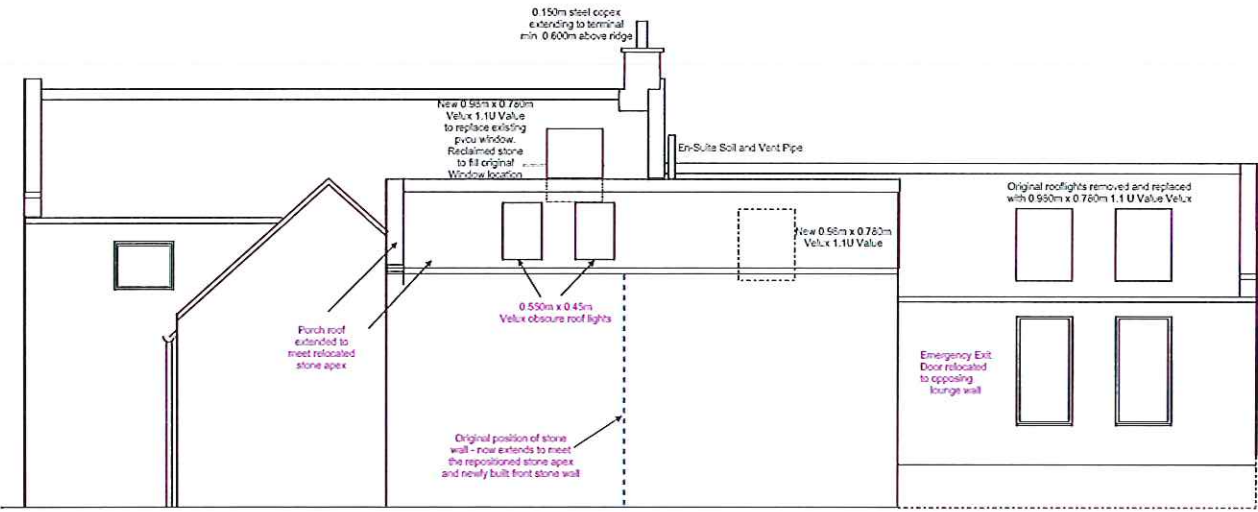

A new four panel Douglas Fir external front door with top panels glazed to replace existing. Revised door panels to be framed with Ogee moulds. To be painted internally and externally in accordance with manufacturers recommendations but with a Farrow and Ball Inchyra Blue matt paint finish externally.

Side External Door:

As for front external door design with a Farrow and Ball Inchyra Blue matt paint finish externally.

1/4/17 Revised Proposed Front Elevation - Scale 1:100
