Dear Sirs

REF: NYM/2017/0338/FL and NYM/2017/0365/LB

I am writing with my full support for the above applications.

The house looks wonderful and adds character to the center of the village.

The rear extension matches well with the existing farmhouse. It is unseen from the road and does not affect any neighbouring privacy.

For these main facts I would have no objections at all to the approval of these applications.

I wish Mr & Mrs Wilson well.

Yours faithfully,
