Subject: Comments on NYM/2017/0374/FL - Case Officer Mrs Ailsa Teasdale - Received from Mr Alistair Dean at 26 Egton Road, Aislaby, North Yorkshire, YO21 1SU

Dear NYM National Park,
We live at 26 Egton Road, opposite the proposed application.
Our concerns over the proposals are as follows; 1. In a village consisting of brick and sandstone built houses, how will white or cream rendered exterior walls fit in?
2. Why are there no height details on the plans? The building height would need to be in line with the other properties in the immediate vicinity on the valley side of the road.
Could I also point out that there is an error in the planning application form submitted by Mr T Harrison. The part asking whether there are any trees within falling distance of the proposed building, has been indicated No.
There are several trees in the property and at least one in the neighbouring property that are potentially within falling distance which need further investigation / consideration.
