Hello Mark

I understand you are in need of a response in relation to this CVC.

In respect of condition 73 I am happy that this can be partially discharged up to and including phase 4 as Rob has told me that this is up to May 18 (NYM/2017/0400/CVC). Long term plan for the woodland areas to be approved in due course as agreed in previous CVC.

Condition 70 relates to tree retention and protection measures. I haven't looked again at these since David Renwick instructed me not to. For the previous CVC I didn't scrutinise in detail but on a superficial inspection no obvious issues were identified. I haven't looked at any additional arboricultural submission for this CVC.

Mark
