ref. NYM/2017/

0420/FL

I am writing to support my neighbour
John Legg of Grove Cottage Thorpe Bank Fylingthorpe
in his objection to the installation of a dormer
window in the adjacent house the Manse
Thorpe Bank.

The dormer window will encroach on the privacy
in his garden. It will also affect the historic
character of the traditional building that used to
be a Manse. The back of the Manse roof can
be seen very clearly when coming down the hill
on the main road and the alteration of the
roof line will not be in keeping with the
old building.

As the area is covered by Article 4(2)
I hope you will consider this planning
application with care and due
consideration.

Yours sincerely
