Hi Jill  
Thank you for taking the time to talk to me earlier today.  
I appreciate the concerns the highways department may have regarding double parking at the lodge, and to this end I am proposing to include the following in our long term operation plan:

We will provide a 24 hour parking service at the lodge which means guests will be asked to leave their car keys at reception on arrival and we will park their cars accordingly.  
This will operate along the lines of an airport parking system and this will be included in the terms and conditions of booking.

As discussed we don't see this being a problem during the Sirius contract which is estimated to last 4 years plus.

In the long term we will be looking to target the walking, cycling and coach markets.

I hope the above will help in the decision process however if you require any further clarification then please do not hesitate to contact me.

Kind regards  
Andrew
