Heelis, Kemble Drive, Swindon, Wiltshire SN2 2NA  
Registered charity number 205846

Cable route within store room

Representation of the type of dish  
(between approx 760 and 1000 mm  
diameter)

### The proposal

The proposal is to locate a satellite dish at the existing offices at Peakside Farm at Ravenscar.

The position of the satellite dish will be on the side elevation as indicated in the above photograph. The position has been selected in order to have minimal impact on the external appearance of the building. It will not protrude above the existing ridge line of the building. It is proposed that the Dish will be painted in black.

The property is located in the National Park but it is not a Listed Building.

The applicant would be happy to provide any further information as required to support this application.
