198 ° South West

Central photograph used to form single frame image on subsequent pages.

 Extent of Works

Notes

The above panoramic image has been digitally merged together from multiple photographs. It shows the broader context of the single frame images shown on the following pages.

The horizontal field of view of the panoramic image has been shown below the image as degrees offset from the view centreline.

The horizontal extent of the single frame image is shown by the dashed box.

View 04A Location & Panoramic Context

Grid reference: E490370 N511174
Elevation: 62.0m AOD
Direction of centre of view: 198°
Horizontal field of view: Approx. 110°
Distance to site boundary: 5559m

Camera body: Nikon D600
Lens: 50mm prime
Camera height above ground level: 1.65m
Time and date of photo: 8:40am, 06/10/2013
Weather conditions: Light cloud, clear visibility
