Informative(s)

1.		All bats and their roosts are fully protected under the Wildlife and Countryside Act 1981 (as amended by the Countryside and Rights of Way Act 2000) and are further protected under Regulation 39(1) of the Conservation (Natural Habitats etc) Regulations 1994. Should any bats or evidence of bats be found prior to or during development, work must stop immediately and Natural England contacted on 0300 060 3900 for further advice. This is a legal requirement under the Wildlife and Countryside Act 1981 (as amended) and applies to whoever carries out the work. All contractors on site should be made aware of this requirement and given information to contact Natural England or the Bat Conservation Trust national helpline on 0845 1300 228.
----	--	---

Reason for Condition(s)

1.	TIME01	To ensure compliance with Sections 91 to 94 of the Town and Country Planning Act 1990 as amended.
2.	PLAN01	For the avoidance of doubt and to ensure that the details of the development comply with the provisions of NYM Core Policy A and NYM Development Policy 3, which seek to conserve and enhance the special qualities of the NYM National Park.
3.	MATS01	For the avoidance of doubt and in order to comply with the provisions of NYM Core Policy A and NYM Development Policy 3 which seek to ensure that building materials are of a high quality and compatible with the character of the locality and that the special qualities of the National Park are safeguarded.
4-6.	MATS02	For the avoidance of doubt and in order to comply with the provisions of NYM Core Policy A and NYM Development Policy 3 which seek to ensure that the appearance of the development is compatible with the character of the locality and that the special qualities of the National Park

Background

Hern Head House Farm comprises a much altered farmhouse with an adjacent group of traditional stone and pantile agricultural outbuildings. The property is located in an isolated location, accessed from the road that leads from Snainton, through Troutsdale to Hackness. The access is a single track lane that leads onto this farmstead. Glimpses of the farm are seen through the trees as you look down towards the site from the higher sections of the Troutsdale road.

Application Number: NYM/2017/0601/FL

This application seeks full planning permission to construct a single story extension at the front of the house to provide a new kitchen and utility facilities. The extension would partly replace an existing poor quality front extension.

The extension would have be constructed of stone to match the host dwelling, with a flat roof with parapet and lantern roof and would be stepped in from the existing front gable.

Main Issues

Development Policy 3 seeks to maintain and enhance the distinctive character of the National Park by ensuring that the siting, layout and density of development preserves or enhances views into and out of the site; that the scale, height, massing and design are compatible with surrounding buildings; that the standards of design are high; that there is satisfactory landscaping and that the design takes into account the safety, security and access needs for all potential users of the development.

Development Policy 19 of the LDF states that proposals for extensions or alterations to dwellings, or other development within the domestic curtilage will only be supported where the scale, height, form position and design does not detract from the character of the original dwelling and its setting; the development does not adversely affect the amenities of neighbouring occupiers and that annex accommodation is ancillary to the main dwelling.

The proposed extension would replace an existing poor quality extension and due to the parapet roof design, would be subservient in scale to the host dwelling, and be in keeping with its character. Whilst the dwelling is visible from the road above, the proposed extension would not be visible from the vantage point and would not be visually intrusive in the immediate or wider landscape.

In view of the above the proposal is in accordance with DP3 and DP19 and consequently, approval is recommended.

Explanation of how the Authority has Worked Positively with the Applicant/Agent**Approval (No Amendments Required)**

The Authority's Officers have appraised the scheme against the Development Plan and other material considerations and confirmed to the applicant/agent that the development is likely to maintain the economic, social and environmental conditions of the area.
