Dear Ailsa

Re: NYM/2017/0633/FL

At last night's meeting the parish council's decision was as follows:

RESOLVED No Objections with the following comments:

- Advise the NYMNP & NYCC on the damage caused to Tom Bells Lane by the farmer using approximately 500m of the Lane to move the herd between fields twice a day
- Can some alternative agreement be made, ie a cow path within the bounds of the Fields to prevent damage to the Lane which, during wet weather, is very difficult to negotiate

Regards

Victoria
