Dear Ailsa

High Farm, Foss Hill, Ugglebarnby.

Application in respect of construction of slurry lagoon (amended details/additional information).

Thank you for consulting us on the amended information submitted in support of this application. We note that the size of the lagoon has been amended from 1025m² to 3384m². While we recognise that this is quite a significant size increase, it does not have any bearing on our previous advice on this application, which, as a result, still stands. Please refer back to our letter, ref: RA/2017/137567/01, dated 13 October 2017.

We are not in a position to comment on whether the proposal is of an appropriate size to meet the needs of the holding. We only consider proposals in respect to their impacts on the environment.

I trust that this is satisfactory, but please feel free to contact me if I can be of any further assistance.

Yours sincerely

Nick Beyer
Planning Specialist
